

**CALIFORNIA WATER ENVIRONMENT ASSOCIATION
SANTA CLARA VALLEY SECTION**

**DINNER MEETING
July 21, 2016**

Meeting Topic: Collection System of the Future - A Roadmap to Excellence in Wastewater Collection System Management

With West Bay Sanitary District as the lead agency, nine Bay Area wastewater agencies joined together in a series of workshops to discuss and develop strategies for transitioning to the Wastewater Collection System of the Future. The presentation will summarize the results of the workshops, from information on current staffing, equipment, resources, and practices, to mapping out future collection system needs and challenges, and developing a multi-faceted framework (staff, resources, and funding) that will help each agency proactively transition to or maintain its status as a Wastewater Collection System of the Future.

Dinner Meeting Speaker: Vivian Housen, PE, Principal of V.W. Housen & Associates

Vivian is a hands-on problem solver and project manager. Founder of V.W. Housen & Associates, she has a wide range of project experience in California, including asset management, hydraulic modeling, CIP development, O&M optimization and regulatory compliance support, pipeline design, and water planning. She was formerly Vice-President at West Yost Associates, Principal at RMC Water & Environment, General Manager at Livermore-Amador Valley Water Management Agency, and District Manager/Engineer for several other local agencies.
