

California Water Environment Association Santa Clara Valley Section DINNER MEETING October 18, 2018

Come join us for our October Dinner Meeting and learn about

Condition Assessment as a tool for CIP Planning as well Risk Management Tool

Rachel Philipson and Erik Zalkin from Brown and Caldwell will talk about

How Condition assessment can be used as a very cost-effective tool for CIP planning as well as for risk-management.

Recent condition assessment projects have demonstrated that a "tailored" condition assessment approach for buried infrastructure assets could produce meaningful and actionable data such that utilities can make informed decisions regarding repair, rehabilitate or replace their buried infrastructure. This presentation will cover three recent condition assessment projects in the region.

Join us at Buca di Beppo in Palo Alto for a great family style Italian meal followed by the presentation and door prizes.

Location:

Buca di Beppo Italian Restaurant
643 Emerson St, Palo Alto, CA
94301

Agenda:

5:00-6:00 pm—Social Hour
