

**CALIFORNIA WATER ENVIRONMENT ASSOCIATION
SANTA CLARA VALLEY SECTION**

**DINNER MEETING
November 15th, 2018**

Topic: CERT (Community Emergency Response Team)

We never know when a natural or manmade disaster is going to interrupt our lives, our loved ones or our community. CERT is one way you can prepare to help yourself and community when the time comes.

Speaker: Brad Davis

Brad has been an Emergency Manager for 19 years. He began his career working for FEMA for 5 years, where he travelled around the country, responding to major disasters, and helping to coordinate Federal disaster relief.

He then worked 13 years for the City of Malibu running Emergency Services, where he experienced several major wildfires.

Brad now works for the San Mateo Consolidated Fire Department as a Management Coordinator. He is responsible for running the Department's volunteer emergency response team of about 800 members, and teaching Community Education classes on a number of subjects.
