

CWEA SCVS Safety Day 2019 Confined Space Awareness September 19th, 2019

Location

Silicon Valley Clean Water
1400 Radio Road, Redwood City, CA 94065

Continuing
Education
Earn up to six
(6) CWEA
contact hours.

Come join us at Silicon Valley Clean Water on September 19th for Confined Space Entry Awareness class brought to you by Lee & Associates Rescue.

The morning session will consist of 4 hours of class room study to review current OSHA regulations, and lessons learned of entry's gone bad, what to expect after calling 911 for assistance, and what you can do to promote safe entry awareness for your job site.

The afternoon sessions will consist of 3 confined space entry equipment stations.

- 1) An active confined space entry and team set up for a live entry and to review equipment and each team members responsibility.**
- 2) Gas monitoring and useful knots used for entry.**
- 3) How to prepare an injured entrant for extraction.**

0730-0800 Registration
0800-1200 Class
1200-1230 Lunch provided
1230-1530 three (3) 45 minute stations

This is sure to be a rewarding day with active feedback for all your questions in understanding a Safe Confined Space Entry.
