

# CWEA-SCVS SEMINAR # 59

## Pump & Lift Station Maintenance A Field Guide: Featuring A Live Demonstration of Pump Tear-down and Reassembly

### SEMINAR OBJECTIVES:

This series of COLLECTION SYSTEMS seminars are for professional training in the wastewater industry. The intent is to provide resource materials and cover skill set mastery necessary to attain certification.

### TOPICS TO BE DISCUSSED:

How to proactively maintain your pump & lift stations. What to look out for in the field, preventative maintenance strategies, tips and tricks, and best practices during emergencies. These principals also apply to all Storm facilities, so come learn how to keep them running at their full potential.

### TOPICS:

- Full pump breakdown and reassembly.
- How to assess if you are compliant at the sites
- Types of equipment, and instrumentation.
- Pro's and con's of multiple station features.
- Learn what the most important principles are, 'where to start first' in an emergency situation, and how it all works together.

**Event Date:** **October 8th, 2019 (Tuesday)**

7:30 AM - 8:00 AM Registration/Continental Breakfast  
8:00 AM – 12:00PM Classroom instruction  
12:00 AM – 12:30PM Lunch Provided
